5 important agenda items for us to come to a group conscience. Proposed setting a time for ad-hoc mtg. 2 weeks (or so) from today to discuss. The day will be announced 4 days prior and date determined after asking in meetings about attendance. Sherri will provide our group's conscience related to these questions to Area 72 on **April 18, 2025**.

Area 72 website has a form to record thoughts, as this would expedite mtg. Please find this information in the GSR folder under **members** on any-lengths.com website, find 2025-GSC, then click on "Pre-Conference Notes". There you will find the 5 items, with questions for discussion by any-lengths.com during this Ad-Hoc meeting. Document to submit written feedback is found embedded in that document by a link for "group conscience feedback".

New Business:

1. Cate makes a motion not to lower hands when a person is speaking, as this keeps them front and center on screen during share. This is officially the tech host's job. (This is of course when a person is not lowering their own hand). 2nd by Sherri.
2. Melody: clarifying group conscience about sobriety requirement for service positions, and impact when someone relapses. This has been and will remain the policy; in the meanwhile that person can serve as a greeter, to welcome people, until their sobriety requirement is met.
3. Kris asked about whether or not script and chat change was made to reflect highlighting for the chair to request for participants to raise their hand prior to the chair calling on people. Sherri makes motion to table this until the next mtg., 2. Susan, unanimous.

Dee makes motion to close, 2nd. Sherri, unanimous

Mtg. adjourned 13.55
